**NOTICE OF OPPOSITION**

Opposer Dropbox, Inc. (“Opposer”), a Delaware corporation, located at 185 Berry Street, Suite 400, San Francisco, California 94107, believes that it will be damaged by the issuance of a registration for the mark that is the subject of Application Serial No. 85/584,161 (“Applicant’s Application”) and hereby opposes the same pursuant to Section 13 of the Trademark Act of 1946, 15 U.S.C. § 1063.

As grounds for the opposition, Opposer asserts as follows:

1. Opposer was founded in 2007, and is a global provider of digital content hosting, sharing, and synchronization services. Opposer also provides computer software used to store and share data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content. As the leading provider of digital content hosting, sharing, and synchronization services, Opposer has, to date, over 100 million users worldwide.

2. Opposer owns both common law rights to the mark DROPBOX ( “Opposer’s Mark”) and Application Ser. No. 77/817,716 for the mark DROPBOX ( “Opposer’s Application”), which application filing date of September 1, 2009, dates back prior to any date on which Applicant can rely.

3. Opposer's Application for its DROPBOX mark, filed on September 1, 2009, covers:

"Computer software and downloadable computer software used to store and share data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content with others via global computer networks, mobile telephones, and other communications networks for the purpose of file back up and synchronization, not including software for use in database management in the field of life sciences research or software for uploading or transferring advertising programs and media advertising communications" in Class 9;

"Storage of electronic media, namely, data, documents, files, text, photos, images, graphics, music, audio, video, and multimedia content" in Class 39; and

"Providing temporary use of non-downloadable computer software used to store and share data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content with others via global computer networks, mobile telephones, and other communications networks for the purpose of file back up and synchronization, not including software for use in database management in the field of biomedical research or software for uploading or transferring advertising programs and media advertising communications; hosting of digital content on the internet" in Class 42.

A copy of Opposer's Application and corresponding TSDR status report is attached as Exhibit A, and is made part of the record in these proceedings.

4. Upon information and belief, Applicant John C. Horton ("Applicant") is an individual with a mailing address of 1719 Carolina Avenue, Wilmington, North Carolina 28403.

5. According to the U.S. Patent and Trademark Office ("PTO") records, on March 29, 2012, Applicant filed Application Ser. No. 85/584,161 ("Applicant's Application") on an intent-to-use basis to register the mark DROPBOX MOBI ("Applicant's Mark") covering:

"Computer software for authorizing and processing credit cards, debit cards, check cards, checks, electronic checks by merchants on mobile telephones, personal digital assistants, pagers, hand-held computers, laptop computers; computer software for providing credit card payment and payment by check by automated clearing house (ACH) conversion in a wireless point-of-sale transaction for use by mobile retailers that may be downloaded from a global computer network" in Class 9.

6. Opposer's common law rights in and to its DROPBOX mark precede Applicant's filing date of March 29, 2012, or any other date on which Applicant can rely. Moreover, Opposer's

Application was filed on September 1, 2009, more than two years prior to the filing date of Applicant's intent-to-use application. Opposer has priority over Applicant.

7. Applicant's DROPBOX MOBI mark is confusingly similar to Opposer's DROPBOX mark in sight, sound, connotation, and commercial impression. Applicant's Mark wholly incorporates Opposer's Mark and includes the non-distinctive term "MOBI" which is commonly known to stand for "mobile."

8. Moreover, the goods identified in Applicant's Application are identical, overlapping, and/or commercially related to the goods and services covered by Opposer's prior-filed application for its DROPBOX mark.

9. Upon information and belief, the goods identified in Applicant's Application would be offered to the same, substantially similar, and/or overlapping classes of consumers as those to which Opposer offers.

10. Upon information and belief, the goods identified in Applicant's Application would be offered through the same, substantially similar, and/or overlapping channels of trade as those through which Opposer offers its goods and services.

11. Applicant's Application was filed on an intent-to-use basis on March 29, 2012, long after Opposer's filing date for Opposer's intent-to-use application and long after Opposer's first use in commerce. Opposer clearly has priority over Applicant.

12. There has never been any relationship between Applicant and Opposer, and Opposer has not consented to or authorized Applicant's use or application to register the mark opposed herein.

13. Registration of Applicant's Mark in connection with the goods identified in the Application would be inconsistent with Opposer's superior rights in the DROPBOX mark and would be damaging to Opposer.

14. In short, due to the highly confusing similarities between the parties' marks and underlying goods, it is likely that consumers will mistakenly believe that Applicant's Mark is connected

to or otherwise associated with Opposer, or that Opposer has, to some degree, sponsored or endorsed Applicant's goods and services. Accordingly, Applicant's Mark is likely to cause confusion, mistake and/or deception among the consuming public regarding the source, affiliation and/or sponsorship between Opposer and its goods and services, and Applicant and its goods and services. In addition, because of the fame acquired by Opposer's Mark, registration of Applicant's Mark will dilute the value and distinctive quality of Opposer's Mark.

15. The proposed use and registration by Applicant of Applicant's Mark for the goods identified in Application Serial No. 85/584,161 is likely to cause confusion, mistake or deception by having the public erroneously assume or believe that such goods emanate from the same source or origin as Opposer, or are in some other way associated, endorsed, licensed, authorized, sponsored by, or, connected with Opposer, all to Opposer's irreparable damage in violation of Section 2(d) of the Trademark Act of 1946, 15 U.S.C. § 1052(d).

16. Applicant's proposed registration and use of Applicant's Mark would falsely suggest a connection with Opposer and/or Opposer's goods and/or services, thereby causing loss, damage and injury to Opposer, in violation of Section 2(a) of the Trademark Act of 1946, 15 U.S.C. § 1052(a).

17. By reason of the similarity between Applicant's Mark and Opposer's Mark, the fame of Opposer's Mark and the exclusive association between the Opposer's Mark and Opposer, registration of Applicant's Mark would dilute and/or is likely to dilute Opposer's Mark by impairing the distinctiveness of Opposer's Mark to identify exclusively goods and services from Opposer. Accordingly, registration of the mark shown in the Application herein opposed violates the Federal Trademark Dilution Act, 15 U.S.C. § 1125(c).

For the reasons set forth herein, Opposer believes and asserts that it will be damaged by the registration of Application Serial No. 85/584,161. Accordingly, Opposer prays that this Opposition be sustained, and that Applicant be refused registration of its mark for the goods set forth in Application Serial No. 85/584,161.

This Notice of Opposition is being filed electronically, accompanied by payment of the \$300.00 filing fee. In the event of a deficiency, please charge the filing fee to the deposit account of Opposer's counsel, No. 50-0653.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "Susan Heller", is written over a horizontal line.
